

Labeling Soap US Resources

Each link will take you to a resource that will help outline regulations for labeling soap in the United States. Marie Gale's book nicely summarizes and organizes the regulations from various government entities for both soaps and cosmetics. *Take note that there are regulations in the US regarding lead testing in children's soap.*

- [Consumer Product Safety Commission \(CPSC\)](#)
 - Lead testing for children's soap is mentioned in the link for the CPSC.
- [Federal Trade Commission \(FTC\)](#)
- [Marie Gale's Blog and Book](#)
 - Marie Gale is considered the labeling expert in the US. [This](#) is great information on her.
- [Food and Drug Administration \(FDA\)](#)
 - Most CP and HP soaps will not fall into the jurisdiction of the FDA. The link has great information on understanding if you have a true soap or cosmetic.
